Filesize: 4.18 MB

Reviews

It is simple in study safer to understand. It can be full of knowledge and wisdom Your way of life span is going to be enhance when you full looking at this book.

(Lavina Torp)

NUTS AND SEEDS: COLORING AND SHADING BOOK (PAPERBACK)

Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. A different type of coloring book, S M Coloring and Shading Books are grayscale coloring books that can be as challenging or as simple to color as you wish. The pictures are sketch-like and intentionally printed lighter, so that you can color over the gray. Visit our Facebook page S M Coloring and Shading Books for examples, ideas, techniques and more. For a more challenging experience, use the gray shading in the picture as a guide to work on shading techniques. We like to color over or outline the darker areas with one or a few shades of a color, then color the lighter areas with a contrasting or lighter shade. For a simple coloring experience just color the picture, the gray may show through depending on what you are coloring with and your technique, this will give some depth to the picture. You can always outline in black if you prefer that look. Nuts and Seeds Coloring and Shading Book contains 25 one-sided pictures of nuts and seeds to color. Pull out your pastel pencils, colored pencils, crayons, markers or whatever you like and start coloring. (Some techniques may bleed through the paper so put extra paper in between if needed.) The pages are one-sided to enable you to take a picture out if needed for technique, framing, or a gift and not miss out on coloring the other side or have it bleed through. Be sure to check out our whole line, search S M Coloring and Shading Books.
