

Farming on the Sea (Paperback)

Filesize: 7.54 MB

Reviews

A high quality pdf as well as the typeface applied was exciting to see. It really is written in simple words and phrases rather than difficult to understand. You will not really feel monotony at any time of your time (that's what catalogs are for relating to in the event you question me).

FARMING ON THE SEA (PAPERBACK)

Createspace, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Can you imagine life as an oyster farmer? How are tiny baby oysters grown in the water? Find out from eleven-year-old Sam and his twin sister Kate, who take you on a guided tour of their family oyster farm in Maine. Full of fascinating facts as well as vivid photographs and illustrations, Farming on the Sea is author Kellie Peters's fun and educational look at the world of aquaculture that is certain to engage children ages seven- to ten-years-old who are curious about nature and science. It's a one-of-a-kind work of nonfiction that brings this vivid world to life for inquisitive young minds. Young Sam knows all about oyster farming. After all, his parents own a farm in the Damariscotta River, a tidal estuary of midcoast Maine. Now, he shares everything he has learned with children everywhere. First, Sam invites us to join his sister Kate and his dad as they spend a day at an aquaculture hatchery, where tiny baby oysters will be grown to be sent to their farm, Norumbega Oyster. He explains that oysters are mollusks and what it means to be this type of shellfish, including a sketch of the inside of an American oyster. At the shellfish hatchery, he and Kate inspect the large tubes of algae that are fed to mature oysters so they will spawn baby oysters. They also look through a microscope to see the tiny oyster seed. From there, they head out on the water to care for all the oysters on their sea farm, discussing the many creatures of the sea and the land that they see along the way on the coastal waters in the Northeast, including ospreys, ducks, seals,...
