National Patterns of RD Resources: Future Directions for Content and Methods: Summary of a Workshop (Paperback)

By National Research Council, Division of Behavioral and Social Sciences and Education, Committee on National Statistics

National Academies Press, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book. National Patterns of RD Resources is an annual report issued by the National Center for Science and Engineering Statistics (NCSES) of the National Science Foundation, which provides a national view of current patterns in funding of RD activities in government, industry, academia, federally funded research and development centers, and non-profits. Total RD funds are broken out at the national level by type of provider, type of recipient, and whether the RD is basic, applied, or developmental. These patterns are compared both longitudinally versus historical RD amounts, and internationally. This report series, which is based on input from several censuses and surveys, is used to formulate policies that, e.g., might increase incentives to support different types, sources, or recipients of RD than is currently the case. To communicate these RD patterns, each report is composed of a set of tabulations of national RD disaggregated by type of donor, type of recipient, and type of RD. While this satisfies many key user groups, the question was whether some modifications of the report could attract a wider user community and at the same time provide more useful information...
