

Compare and Contrast: Baroque vs. Classical Music

Filesize: 1.33 MB

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.
(Ally Reichel)

COMPARE AND CONTRAST: BAROQUE VS. CLASSICAL MUSIC

GRIN Verlag Dez 2015, 2015. Taschenbuch. Book Condition: Neu. 210x148x1 mm. This item is printed on demand - Print on Demand Neuware - Essay from the year 2003 in the subject Musicology, University of Phoenix, 4 entries in the bibliography, language: English, abstract: At first glance, the Baroque music period and Classical music periods seem to be very much alike. They do, in fact, have many similarities, for instance, the same basic orchestral and chamber ensembles. However, by carefully analyzing each period, distinct differences can be found. The word 'Baroque' comes from the Italian word barocco, which literally translates to bizarre, however some feel that when dealing with the arts, exuberant is closer to the aim of the translation, and exuberant is a word that perfectly fits this style of music. Although Baroque was first used to describe ornately decorated buildings in Austria and Germany, it quickly became used to describe a similarly ornate period of music. 16 pp. Englisch.
