Createspace, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Long ago, during the Cretaceous period (when dinosaurs roamed), I taught golf in a rural region of Quebec, Canada, where no self-respecting pro would waste his/her time. I quite enjoyed the experience, and my students lowered their handicaps, so when my body got to the point where it couldn t execute golf shots no more (and yes, I know about double negatives), I wrote this short book to assist my students after I went over to the other side of the grass (local expression for died ). I hope it helps your game, but if not . not my fault! This book basically teaches the game in a dozen lessons, and I use humour (or humor if you re American, or you just can t spell) to amuse the reader along the way.
