Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Officer Material Vol 2 takes the platoon into the war during the African Campaign, battling in Morocco, Algeria and Tunisia. In this five book series, a platoon of misfit American soldiers from all walks of life forms a team to be feared during the European Theatre of Operations during World War Two. A simple country farmer shares his faith with these, his fellow GIs, and changes their lives forever. The son of a billionaire seeks to earn his father s love and respect by becoming an officer. A street-wise, homeless teenager makes the army his home and family. These three bond together and form a family in the midst of bombs and grenades exploding all around them, day and night. Back home, their families learn to grapple with the realities of war as well-ration stamps, fear of receiving telegrams from the war department, more work to do than there are hands to do it, the temporary and permanent absence of husbands, fathers, brothers, and sons. Through it all, though, God s provision is amazingly demonstrated.
