

The Federal Landscape: An Economic History of the Twentieth-Century West (Paperback)

By Gerald D Nash

University of Arizona Press, United States, 1999. Paperback. Condition: New. Language: English . Brand New Book. The vastness of the American West is apparent to anyone who travels through it, but what may not be immediately obvious is the extent to which the landscape has been shaped by the U.S. government. Water development projects, military bases, and Indian reservations may interrupt the wilderness vistas, but these are only an indication of the extent to which the West has become a federal landscape. Historian Gerald Nash has written the first account of the epic growth of the economy of the American West during the twentieth century, showing how national interests shaped the West over the course of the past hundred years. In a book written for a broad readership, he tells the story of how America's hinterland became the most dynamic and rapidly growing part of the country. The Federal Landscape relates how in the nineteenth century the West was largely developed by individual enterprise but how in the twentieth Washington, D.C., became the central player in shaping the region. Nash traces the development of this process during the Progressive Era, World War I, the New Deal, World War II,...

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- Ally Reichel

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You won't feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).

-- Prof. Kirk Cruickshank DDS
