

Creepin Through the Snow: The Creeper Diaries, An Unofficial Minecrafters Novel, Special Edition (Hardback)

By Greyson Mann

Skyhorse Publishing, United States, 2017. Hardback. Condition: New. Amanda Brack (illustrator). Special. Language: English . Brand New Book. Sky Pony has sold over 5 million books for Minecrafters. The Creeper Diaries series combines the blockbuster appeal of Minecraft with the diary format popularized by the bestselling Diary of a Wimpy Kid and Dork Diaries series. Minecraft is an international sensation, with over 100 million registered users worldwide. This holiday-themed title is the third book in a new series for Minecrafters, following Mob School Survivor (March 2017) and Creeper s Got Talent (August 2017). With easy to read, diary-style text, over 100 black and white illustrations, and a focus on the Minecraft monster players most love to hate, The Creeper Diaries is the perfect pick for reluctant readers. The self-published hybrid Minecrafters/diary series currently on the market, Diary of a Minecraft Zombie, has sold over 300,000 copies -- and with in-store placement and a more appealing package, our series should see even greater success!.
