## AN INTRODUCTION TO CRIMINAL AND FORENSIC PSYCHOLOGY: THE CRIMINAL MIND

Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Crime and Criminal behaviour is something that affects everyone. The question over the Centuries has been, why do some people commit crime? What are the effects of that crime on the community as a whole? Those involved in criminal psychology ask these questions concerning behaviours as part of their career and research paths, this question is often asked by the Gardai, Prison services, Offender institutes and the Judiciary in the course of their jobs. This course examines the way in which psychology helps us to understand how criminals behave and help us to apply that to the Criminal Justice System (CJS). Readers will consider what criminal psychology is, how it is used in the study of crime and criminals. They will examine different types of psychological theories, and explain criminal behaviour in the context of them offenders and us general public Readers will investigate these perceptions and how the world sees themselves alongside their perceptions of criminals. Readers will examine the research methods actively used by professionals, including the ethical issues which are raised when research is undertaken, Readers will have the opportunity to apply these research methods to their own research project at the end of the course. As the course progresses Readers will learn how to design and implement a psychological study and apply appropriate statistical and empirical analysis skills to information gathered in their own investigations. Readers must be aware that this is a vital part of their studies and research is imperative in the success of investigation of criminal behaviours. Readers will realise the importance of research analysis in understanding not only criminal behaviour but also that of eyewitness testimony, courtroom...
