If you tend to read aloud make sure there are no children within earshot for they will never sleep again, at least not soundly. I warned you. Please note, this is not a novel of horror, but it is filled with horrific brutality. The idea of this novel is that He is not writing to you but reading to you. Now, once you turn this page, you will be sunk into the mind of Buchannon Dare, his mind slowly tormented and tortured, as he dishes out the same torment in a rampage of revenge. He takes a stand for the victims, the little guys who can't defend themselves, those who have been raped, others taken advantage of, and those too innocent to have been abused. He never wanted for anything, he just felt his God turned his back on him, and he could not care less. He is by no means a bad guy, just hunting for the worst of them and giving them what they deserve besides a prison cell. Once trapped by him, they are subjected to the cruelty spilling forth from the prison of our hero's mind. I give you fair warning again before you join him on this journey, for it gets deeper than my mind can even write or describe to you. Put on your seat belt and follow him into a dark forest of your own imagination, my words holding your hand. I did what I must; you do what you must. So, either put me in the freezer or toss me in the trash and keep your sanity; for this ride with me is fucking crazy....
