

Electrical Conduit Bending Quick-Card

ELECTRICAL CONDUIT BENDING
QUICK-CARD™ A SIMPLE BACK-ADVANCE GUIDE

CONDUIT BENDING
Conduit bending is the process of bending a rigid pipe to follow a curved path. It is done by using a bender to apply force to the pipe, causing it to deform and follow the desired path. The amount of force applied depends on the size of the pipe and the material it is made of. The bender is used to create a bend in the pipe, and the amount of bend is determined by the angle of the bender and the length of the pipe. The bender is used to create a bend in the pipe, and the amount of bend is determined by the angle of the bender and the length of the pipe.

MEASUREMENTS

MEASUREMENT	DESCRIPTION
1. Length of pipe	Measure the length of the pipe to be bent.
2. Bend angle	Measure the angle of the bend to be made.
3. Bend radius	Measure the radius of the bend to be made.

TYPES OF BENDERS

TYPE	DESCRIPTION
1. Hand Bender	Used for small diameter pipes.
2. Mechanical Bender	Used for medium diameter pipes.
3. Hydraulic Bender	Used for large diameter pipes.

TYPICAL MARKINGS ON A CONDUIT BENDER

1. Top Flange
2. Bottom Flange
3. Guide
4. Stop
5. Bend Radius
6. Bend Angle

TYPES OF BENDS

TYPE	DESCRIPTION
1. 90 Degree Bend	Used for changing the direction of the pipe.
2. 45 Degree Bend	Used for changing the direction of the pipe.
3. 30 Degree Bend	Used for changing the direction of the pipe.

BENDING THE CONDUIT

STEP	DESCRIPTION
1. Measure the length of the pipe to be bent.	Measure the length of the pipe to be bent.
2. Measure the angle of the bend to be made.	Measure the angle of the bend to be made.
3. Measure the radius of the bend to be made.	Measure the radius of the bend to be made.

Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It's been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, alter the way I believe.

(Prof. Loyce Runolfsson Jr.)
