As women, we haven t always had the best role models at work. We ve either worked for men or we ve had female bosses who are, well, big bitches. Woman still don t have much of a road map right now when it comes to taking charge at the office, so the team who brought you the national bestseller *The Girl s Guide to Starting Your Own Business* is drawing one for us. Caitlin Friedman and Kimberly Yorio will teach you to be powerful without being possessive, to be opinionated without being brassy, and to have a strong voice without micromanaging. You ll learn just how to own the role of queen bee in a positive way so that you can be more mentor than manager, one who leads, inspires, and motivates. So, you finally got that promotion. You re the boss now. The supervisor. The manager. The captain. The taskmaster. Those days of taking orders, running errands, and clock-watching are over. As exciting as all this might seem, once the rush of the promotion is over, you might be scratching your head wondering exactly what to do. Being the boss is never easy, but it s twice as hard for a woman. It seems like there s no middle ground. Either you re the dragon lady who rules with an iron fist or the mousey girl who gets drowned out at every meeting. When a woman wields authority and dares to make tough decisions, how often is the B-word bandied about by her employees? How can she strike that balance between pushover and dictator?...
