FROM SCIENCE TO GOD: A PHYSICIST S JOURNEY INTO THE MYSTERY OF CONSCIOUSNESS (PAPERBACK)

[DOWNLOAD](#)

NEW WORLD LIBRARY, United States, 2005. Paperback. Condition: New. New edition. Language: English . Brand New Book. Peter Russell went from being a strict atheist and scientist to discovering a profound personal synthesis of the mystical and the scientific. That transition is the basis of this book. In *From Science to God*, he blends physics, psychology, and philosophy to reach a new worldview in which consciousness is a fundamental quality of creation. Russell shows how all the ingredients for this worldview are in place; it remains only to put the pieces together and explore the new picture of reality that emerges. Integrating a deep knowledge of science with his own experiences of meditation, Russell arrives at a universe similar to that described by many mystics -- one in which the inner and outer worlds no longer conflict. The bridge between them, he shows, is light, and this book invites readers to cross that bridge to find new meaning in God and a deeper significance in spiritual practice.
