Audible Studios on Brilliance, 2016. CD-Audio. Condition: New. Unabridged. Language: English . Brand New. Here s mystery in the grand conspiratorial style of old pro Jeremy York (alias John Creasey), starring the unforgettable -and frequently unethical--Superintendent Folly of Scotland Yard. Creasey is at the top of his form in this stylish thriller dedicated to manipulation, machination, and a spine-tingling Run Away To Murder. Some people believe that little old ladies never die, they just fade away. Mrs. George Fortescue met her maker with a snifter of arsenic. At first the case seemed quite simple. Surely one of her own family had committed the heinous crime. Each had his reasons to wish a not-so-loving mother out of the way. Besides, the ancient English manor house exuded death from its every pore; it might have seemed strange if someone hadn t taken advantage of such an auspicious setting. But when the clever killer struck again, this time in the garden, it became a case for Folly of Scotland Yard.
