Bantam, 2010. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: "Integrating ancient contemplative practice with contemporary neuroscience and psychotherapy, Dan Siegel removes the veil on the mysteries of the interface between mind, brain and relationships with novel and profound descriptions of how we become who we are, what makes things go wrong and how all of us can achieve optimal well being by using our capacity for attention to change the very structure and function of our brains. Weaving the narrative of his own life, his intellectual and clinical journey and the experiences of his clients through his explanation of deep clinical theory and sophisticated practice, he has written a book that reads like a mystery novel."--Harville Hendrix, Ph. D., author of Getting The Love You Want: A Guide for Couples " Mindsight is a rare book. Rooted in groundbreaking scientific research and searching professional practice, it is also a deeply compassionate and human account of what it is to be human. Mindsight has powerful lessons for doctors, parents and educators, and for all of us who are trying to make sense of how we make sense of things."--Sir Ken Robinson, author of The Element: How Finding Your Passion Changes Everything "This exciting book reveals the secrets of the mind that we have sought in Eastern and Western thought for 2000 years. How do we see the mind and learn to tame it for a happier and healthier life? Filled with engaging stories, Mindsight uses cutting edge science and deep humanity to address the questions that we all have about the mystery in our skull." -Natalie Goldberg, author of Old Friend from Far Away and Writing Down the Bones "In this brilliant and highly readable book, Dan Siegel combines his prodigious knowledge of brain...
