

## Guitar Compendium : technique / improvisation / musicianship / theory. Vol. 2. Gitarre. Lehrbuch.

Filesize: 2.79 MB

### ***Reviews***

*Great e book and helpful one. It really is written in straightforward terms and not hard to understand. You can expect to like how the blogger writes this book.*

*(Hudson Christiansen)*

**GUITAR COMPENDIUM : TECHNIQUE / IMPROVISATION / MUSICIANSHIP / THEORY. VOL. 2. GITARRE. LEHRBUCH.**

Advance Music GmbH Jun 1989, 1989. Taschenbuch. Condition: Neu. Neuwere - The Fingerboard Map: IntervalsThe Guide To Twentieth-Century Guitar: Praxis is the first instructional book of its kind. It takes a strikingly new and refreshing approach to learning guitar, and it is carefully designed to guarantee efficient practice with rewarding results. Establish Your Own Musical Direction: Whether your playing falls under one of the more traditional conventional styles, or whether you're a composer and arranger or exploring new musical regions and establishing your own musical direction or personal fusion of musical ideas and influences, Praxis has what you need. Unlock The Musician Within: The name of the system ('Praxis' comes from the Greek word meaning practice and to do) accurately reflects its general orientation. Play it first, getting sound and satisfaction out of the guitar immediately, and musical understanding will naturally follow. Praxis lets you choose the precise subject you want and immediately provides relevant musical examples. And these examples are presented in such a way that the principle behind the example is always clear, thus allowing you to apply it directly to your music. One Step Beyond - Originators Vs. Imitators: Traditional guitar books try to teach you to play someone else's music. That approach tends to produce imitators rather than originators and real musicianship skills are picked up slowly and almost by accident. Praxis takes you directly to being able to play anything that you want . someone else s music, your own music, and everything in between. Praxis takes you one step beyond. Efficient Learning: Guitar instruction books are traditionally written in a progressive fashion; Book 1 first, then Book 2, etc. However, the selection and sequencing of material is usually determined by the book rather than the reader, and the familiar result is that, while the...
