Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Thoroughfare Plan Technical Report for the City of Monroe This report documents another thoroughfare plan reevaluation process that started with data collection in 1992. It sets forth thoroughfare improvement recommendations and preliminary environmental screening of recommended projects. It is intended as a reference for future transportation studies and a mutual guide to the City and the Department for the implementation of the adopted thoroughfare plan. The system of thoroughfares proposed was developed following the principles of thoroughfare planning outlined in Chapter II of this report. A Citizens Workshop was held on November 7, 1996 and a Public Hearing held on December 3, 1996 to disseminate information and receive comments on the proposed thoroughfare plan. The latest plan dated December 17, 1996 was mutually adopted by the City of Monroe on December 17, 1996 and by the North Carolina Department of Transportation on February 7, 1997. Appendix C illustrates the adopted plan and details the street inventory and recommendations considered necessary for proper traffic circulation through the design year 2020.
