Filesize: 8.06 MB

Reviews

The ebook is straightforward in go through preferable to recognize. It typically does not charge too much. Its been designed in an exceptionally straightforward way and it is just following i finished reading this book where basically altered me, affect the way i really believe.

(Dr. Reta Murphy)

SPIN STATE (PAPERBACK)

Bantam Doubleday Dell Publishing Group Inc, United States, 2004. Paperback. Condition: New. Reprint. Language: English . Brand New Book. From a stunning new voice in hard science fiction comes the thrilling story of one woman s quest to wrest truth from chaos, love from violence, and reality from illusion in a post-human universe of emergent AIs, genetic constructs, and illegal wetware. Spin State UN Peacekeeper Major Catherine Li has made thirty-seven faster-than-light jumps in her lifetime--and has probably forgotten more than most people remember. But that s what backup hard drives are for. And Li should know; she s been hacking her memory for fifteen years in order to pass as human. But no memory upgrade can prepare Li for what she finds on Compson s World: a mining colony she once called home and to which she is sent after a botched raid puts her on the bad side of the powers that be. A dead physicist who just happens to be her cloned twin. A missing dataset that could change the interstellar balance of power and turn a cold war hot. And a mining accident that is starting to look more and more like murder. Suddenly Li is chasing a killer in an alien world miles underground where everyone has a secret. And one wrong turn in streamspace, one misstep in the dark alleys of blackmarket tech and interstellar espionage, one risky hookup with an AI could literally blow her mind.
