Selfie Sam s Coder Club Adventures: In Scratch (Paperback)

By Skye Donzelli

Digital Kids 4 All, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Get ready to be inspired to be a creator of technology and get CODING! Reading Level ages 6-10 *Customers who purchase this print book from Amazon will be able to download the Kindle eBook for FREE right to your computer. Sam loves taking selfies and using technology. But Sam finds that when he uses too much technology, it ends up using him! Sam has a twin sister, Samantha, who loves to create with technology by coding video games and apps. However, when Sam tinkers with one of his sister s inventions, his obsession with taking selfies gets him into virtual reality trouble! Can he use his new coding skills to problem solve his way out of the virtual world back into the real world? Find out by joining the Coder Club on their first coding literacy adventure. Use the digital Coder Notebook that is included for your own interactive coding projects. Follow along with simple explanations of coding vocabularies and three coding challenges. Reading Level ages 6-10 / Guided Reading Level- M.

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.
-- Ally Reichel

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).
-- Prof. Kirk Cruickshank DDS
