*This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

## DEADLY DOGMA: HOW NEOCONSERVATIVES BROKE THE LAW TO DECEIVE AMERICA

Institute for Research. Paperback. Book Condition: New. Paperback. 252 pages. Dimensions: 7.9in. x 5.0in. x 0.7in. When does Rhetoric become Wire Fraud Intellectual Movement or Organized Crime Syndicate The Neoconservative movement has had a profound effect on America. Neoconservative ideas of military preemption, higher military spending, and iron fisted insistence that the United States will strike and defeat nascent rivals have moved from think tanks into official doctrine. Americans have received a steady mainstream media barrage of Neoconservative analysis and viewpoints on terrorism and every aspect of US foreign policy. Neoconservatives and their policies now reign supreme in the Department of Defense, Congress and Executive Branch. Neoconservative plans to invade the Middle East, unleash Shock and Awe upon Iraq, undermine international law and boost the US military budget to Cold War levels are now in full implementation. There is just one problem. Most core neoconservative slogans and dogma are simply unfounded assertions with no empirical basis. Worse, the neoconservative movement has evolved into a sophisticated crime syndicate with all the trappings of a new type of mafia: protection rackets, espionage, extortion, money laundering, wire fraud and tax evasion. Deadly Dogma dives behind the scenes to answer key questions and debunk neocon propaganda. Why do neoconservatives hold international law in contempt Why is a highly idealized and historically selective concept of Israel so important to neoconservatives, and how does it prevent them from confronting true realities in the Middle East What is the track record on neoconservative threat assessments made in the 1980s to guide spending and policy Does military preemption actually work Are neoconservative ideals Wilsonian Why are neoconservatives so prominent in broadcast and print news media, is it merit or payola Deadly Dogma reviews the consequences of unchecked law-breaking by core members of the neoconservative movement such as Paul Wolfowitz,...
