Reviews

Comprehensive guide! Its this type of very good read through. It is actually written in simple words and phrases rather than difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Set for the defence of the Gospel; combating that hardihood of assertion which is assumed to impose upon the uninformed detecting those specious sophisms designed to seduce the unwary; and finding so much of both in these last pretentious books on the side of unbelief: what can be more natural than that, tacitly if not explicitly, his own course should be taken with direct reference to that of his adversaries? The following pages have no other concern however with Essays and Reviews, or the astounding production of the Bishop of Natal, than as defending those First Truths which have been therein so malignantly attacked. Hence though not put in by way of answer, they stand...
