Jeff will take you through a journey of a lifetime from getting saved to a fire burning in his bones, to ministering as an evangelist in the second-most dangerous country in the world, Guatemala in Latin America. Follow this British evangelist, Jeff Mills, and his lovely German wife Christa on their journey which took them high in mountains of Guatemala. Here they worked among the Mayan Indigenous where 24 dialects are spoken, and then among the drug addicts where they planted three very lively churches. On two occasions Jeff met with angels. But his road was later to become a rocky one. With a civil war going on, Jeff planted three churches, but then tragedy struck! Due to an accident, Jeff ended up having 15 major operations on his spine and neck. This did not stop him making disciples, evangelizing and planting yet another church. God never said that the path of a missionary was an easy one, but quite the opposite! His visit to Northern India, to an area where they had never seen a white man before, resulted in 4,000 people coming to the Lord in one day! There are moments where you will burst out laughing, and then again, serious moments which will make you think. Jeff's hope is this will encourage people to become missionaries because life on the mission field is certainly not dull.
