The merger marked the beginning of the ambitious goal of merging two styles of auto-making, two approaches to business and the proud, but distinct cultures of two nations. The opportunities for significant synergies afforded by a combination based on factors such as shared technologies, distribution, purchasing and know-how. Daimler's engineering skill and technological advances could be complemented by Chrysler's skills for innovation, speed in product development and bold marketing style. Juergen Schrempp, CEO of DaimlerChrysler, said, that the new company will reach an eminent strategic position in the global marketplace by combining and utilizing each other's strengths. It seems that Germans and Americans in the enterprise have not become closer since the merger. This paper explores the reasons for DaimlerChrysler's failure to realize the synergies identified prior to the merger. It examines...
