

## The Nature of the Gods (Paperback)

Filesize: 7.54 MB

### ***Reviews***

*A high quality pdf as well as the typeface applied was exciting to see. It really is written in simple words and phrases rather than difficult to understand. You will not really feel monotony at any time of your time (that's what catalogs are for relating to in the event you question me).*

## THE NATURE OF THE GODS (PAPERBACK)

[DOWNLOAD](#)

Oxford University Press, United Kingdom, 2008. Paperback. Condition: New. Language: English . Brand New Book. My present intention is to clear myself of any suspicion of partiality by presenting the views of the generality of philosophers concerning the nature of the gods. Cicero's philosophical works are now exciting renewed interest, in part because he provides vital evidence of the views of the (largely lost) Greek philosophers of the Hellenistic age, and partly because of the light he casts on the intellectual life of first century Rome. The Nature of the Gods is a text of central significance, presenting a detailed account of the theologies of the Epicureans and of the Stoics, together with the critical objections to these doctrines raised by the Academic school. When these Greek theories of deity are translated into the Roman context, a fascinating clash of ideologies results. This fine translation by P. G. Walsh includes a summary of the Text, and an Index and Glossary of Names. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.
