### **Reviews**

*I just started off looking at this pdf. Of course, it is perform, continue to an amazing and interesting literature. I realized this pdf from my dad and i recommended this book to understand.*

*(Mrs. Ettie Berge)*

**THE PSYCHODYNAMIC APPROACH TO THERAPEUTIC CHANGE SAGE THERAPEUTIC CHANGE SERIES**

SAGE Publications Ltd. Paperback. Book Condition: New. Paperback. 192 pages. Dimensions: 8.4in. x 5.2in. x 0.6in. It is well written and well organised and I'm sure it will be of help and interest to researchers and practitioners concerned with the therapeutic action of psychodynamic treatment - Penelope Waite, Nurturing Potential Change is the central purpose of all counselling and psychotherapy, but how it is conceptualized and worked with varies according to the theoretical approach being used. The Psychodynamic Approach to Therapeutic Change explores the nature of psychological change from the psychodynamic perspective and describes the process through which clients can be helped to come to terms with painful experiences and develop new ways of relating. In the first part of the book, Rob Leiper and Michael Maltby look at therapeutic change in relation to psychological health and maturity. They explore what motivates people to change and also why resistance occurs. The main part of the book outlines the collaborative process that clients and therapist work through to bring about change and highlights the role of the therapist in: creating the conditions for clients to express their thoughts, feelings and memories developing clients awareness and understanding of their psychological processes, and providing containment for the clients psychological projections. The final part of the book sets personal therapeutic change in a wider social context, linking individual change with community and organisational development. Combining core psychodynamic concepts with contemporary thinking, The Psychodynamic Approach to Therapeutic Change provides a lively and up-to-date integration of ideas on the change process which will be of great value to trainees and practicing counsellors and psychotherapists. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
