

## Fine Woodworking s Full Size Spray Booth Plan

By Geoff Guzynski

Taunton Press, United States, 2012. General merchandise. Condition: New. Language: English . Brand New Book. It s hard to beat a sprayed finish for quickness and quality. But you need a place to spray where ventilation is not an issue and overspray from your project won t land on walls, furniture, or cars. This shopmade spray booth is just the ticket. Modeled after a commercial cross-flow model, it s affordable and convenient, and it will fit in the back of a garage or in your shop. It s large enough to pull a car inside, or provide storage space for shop machines when it s not being used. Fresh air enters the front, picks up overspray, and deposits it on a filter as it is pulled through a high-capacity fan at the back. The fan expels the waste air through a flap door in the building. SKILL LEVEL: Intermediate FINISHED SIZE: Size: 150-1/2 long by 108 wide by 100-1/2 high PRINTED PLAN INCLUDES: Scale drawings Detailed cutlist Step-by-step companion article.

### Reviews

*Merely no words to explain. I really could comprehend everything out of this published e book. I found out this publication from my dad and i suggested this publication to learn.*

**-- Prof. Margarita Ledner PhD**

*This written pdf is fantastic. It normally is not going to expense a lot of. It is extremely difficult to leave it before concluding, once you begin to read the book.*
