Comprehensive guide! Its this type of very good read through. It is actually written in simple words and phrases rather than difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

Three methods of treatment have been employed, each being deemed best adapted to the case in hand, viz.: in Chapter I, a systematic statement of the scope of the Priestly Element; in Chapters II-IV, an historical statement covering in barest outline the story of the Priestly Element as a whole, in its progress and development; in Chapters V-XI, a classified and comparative examination (indicated by questions and suggestions based upon the material presented) of the more important special factors which, taken together, constitute the Priestly Element. Some effort has been made...
