Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Manual of Argumentation: For High Schools and Academies The increasing interest taken in debate by the larger high schools and academies has prompted the preparation of this Manual of Argumentation. There has seemed to be need of a book that would present in a clear and simple way the elements of debate to that large class of students who are not advanced enough to master the rather difficult college text-books on the subject, but who are deeply interested in debating because it appeals to those instincts which are the basis of oratory and as old as the race.
