GABRIELS REDEMPTION Book One of the Evan Gabriel Trilogy A cast of interesting and believable characters and a plot that kept me turning the pages. . . He spent the last five years hiding from his past, from those responsible for the failed mission, from those responsible for running him out of the Navy, and from those originally responsible for making him into who he was - a highly-trained, physically and mentally augmented Special Forces soldier. Interstellar action and political intrigue mix with one-on-one battles on the surface of a frozen planet in Book One of the science fiction-adventure trilogy.
