Page Publishing, Inc., United States, 2015. Paperback. Book Condition: New. 226 x 147 mm. Language: English . Brand New Book ***** Print on Demand *****.This novel takes place in Civil War torn Middle Tennessee. It opens as George, an abused slave, is brought into a prisoner of war camp at a place called Big Bone Cave. There he meets Luke, a Union prisoner of war. Luke, a Western Pennsylvania Quaker, takes pity on George and they quickly become friends and confidants. Together they face brutal prison guards and the grueling task of mining cave soil from which is extracted saltpeter, used in production of gunpowder. Union blockades of gunpowder and saltpeter into the South have made it necessary for the Confederate Army to acquire its own sources of the valuable commodity from privately owned caves, some worked by prisoners and slaves. In the process of digging soil deep within the cave, Luke and George accidentally discover a back entrance from which to escape. Unfortunately, they have no knowledge of where to go if they do escape and no provisions to see them through a long journey to freedom. In short, escape seems futile. After a few weeks, they meet Roger, a Confederate Army deserter who is also brought to the cave as a prisoner. Although he is a bigoted and unsavory character at first, they soon realize that he may be their only hope for escape and survival. In time he warms up to George despite their racial differences. Born and raised in Middle Tennessee, Roger knows the country well and hence can guide them to freedom. Furthermore, he has friends and relatives willing to assist. Seeing no alternative, they take Roger into their confidence. We can get you out of here, they say, if you can guide us north...
