It is straightforward in go through easier to recognize. I actually have study and that i am sure that i will going to study yet again again down the road. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Audible Studios on Brilliance, 2016. CD-Audio. Condition: New. Unabridged. Language: English . Brand New. Throughout history there have been several thousand different strains of influenza. Each year hundreds are active. Chances are, this year, you will catch one of those strains. You will cough, sneeze, and your body will ache. Without a second thought, you ll take a double dose of green liquid, go to bed, and swear you ll feel better in the morning. Not this time. In 1918 forty-million people succumbed to a particular strain of swine flu. It appeared out of nowhere, and just as quickly as it surfaced, the Spanish Flu vanished. Gone for good. Or so we thought. Though mankind has anticipated its resurfacing for some time, mankind is ill prepared. Mutated and with a vengeance, the Spanish Flu returns. In a world blackened with plague, a glimmer of light exists in the small town of Lodi, Ohio. They shine as a sanctuary because they . are flu-free In the wake of the reality that they are spared, the spirit and strength of Lodi is tested. It becomes a fight against what is morally right or wrong in an increasingly difficult battle to stay healthy and alive until the flu has run its course.
