Excerpt from Military Chaplains Review, Vol. 2: January, 1973. Chaplain (Itc) Wendell T. Wright cites specific examples of these changes. He describes the results of an early human relations workshop which focused on self-awareness and interpersonal relations, especially as these relate to racism, drug abuse and differing life-styles of youth. Chaplains changed in that work shop - not in one direction, but individually in various directions according to each chaplain s needs. Human relations workshops have since been offered to chaplains all over the world. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
