

## Foundation Mathematics for Biosciences with MyMathLab (Mixed media product)

By Jackie Willis, Ela Bryson

Pearson Education Limited, United Kingdom, 2016. Mixed media product. Condition: New. Student. Language: English . Brand New Book. This package contains Foundation Mathematics for Biosciences, Book agnostic lab 1e and access to MyMathLab. Important information for students: You need both an access code and a course ID to access MyMathLab. Ask your lecturer before purchasing a MyLab product as you will need a course ID from them before you can gain access to the system. This integrated learning solution, comprising a book and online assessment support (MyMathLabGlobal), provides tools to develop foundation numeracy and maths skills for students of the biosciences. It can be used with courses at the pure end of the spectrum to courses of a highly applied nature, such as biomedical sciences, molecular biology, microbiology, physiology and forensics. The subject coverage has been designed to support the practical as well as theoretical aspects of these courses, and is in large part set in a biological context so that students can directly see the relevance of maths skills to their main subject. This package includes MyMathLab, an online homework, tutorial, and assessment system designed with a single purpose in mind; to improve the results of all higher education students, one...

## Reviews

This book is great. It is writter in simple words and not difficult to understand. I discovered this pdf from my dad and i suggested this ebook to find out. -- Prof. Webster Barrows

This ebook is fantastic. We have read and i also am confident that i am going to going to read through again yet again in the future. I am easily can get a pleasure of reading a published ebook.
