John Wiley Sons Inc, United States, 1998. Hardback. Condition: New. Language: English . Brand New Book. In high-stakes investing and business, success or failure largely depends on how well you play the game of risk-a game in which the rules of competition are constantly being rewritten. Strategies that proved effective in the past are no longer enough to win today. The key to success is not to rely on yesterday's news, but to peer into the future and ask what could happen tomorrow. Presenting a bold new way of thinking about risk, in Seeing Tomorrow Ron Dembo and Andrew Freeman offer a dynamic framework designed to enhance our ability to make important decisions, and consequently change how we manage our investments. By incorporating investors individual circumstances and tolerances -as well as the unique reasoning behind their decision making-this innovative approach captures much more of how we actually think about risk. From the basic building blocks required for forward-looking risk management, Dembo and Freeman define and explore the roles and significance of such fundamentals as time horizons, risk measures, benchmarks, and scenarios. Once the foundation is laid, these elements are used to construct a solid architecture for risk management and risk-adjusted analysis that is not only general enough to be able to handle a multitude of risks, but also able to present many different measures of risk. With clear-cut explanations and intriguing real-world examples, Seeing Tomorrow leads you step by step through the authors groundbreaking risk rules. These include: choosing an appropriate time horizon, selecting scenarios, computing Value at Risk (VAR), assessing both the upside and downside of a potential deal, calculating Regret, and compiling a reliable Regret matrix. By combining Regret, Upside, and a measure of our tolerance for risk, the authors demonstrate how these components create a powerful...
