Reviews

This type of publication is every thing and helped me seeking ahead and much more. It usually fails to charge too much. It is extremely difficult to leave it before concluding, once you begin to read the book.

Excerpt: . . . we are enabled to think of scenes, of persons, and of things that never were Or have you never heard the story of a little spoiled girl, who, upon being told that she was to have a governess, asked, What sort of a thing it was nay, she said, she was sure it was something very good and very pretty, or papa would not let her have it. The very same faculty that enabled the little girl to form an idea of something good and pretty for her governess, is that by which we seem to view what we have never seen; and that, by the aid of which, I am now going to tell you of a place and of persons that have never fallen under my actual observation. It is called imagination; and, if well regulated, it is not only a constant source of gratification and delight, but is also of infinite service and benefit to mankind. Imagination enables the architect to think of the pretty house, or grand palace, or noble church, he is going to plan, before he draws it upon paper. Imagination assists the painter in thinking of huge mountains, tremendous precipices, mighty oceans, or gently-flowing rivers; of persons, their countenances, their dress, their arrangement in groups, and all belonging to them, before he makes, or while he is in the act of making his picture. Imagination enables the poet to think of lovely scenes of fairy bliss; and,...
