NEW KIDS IN AMERICA - FROM ALL OVER THE WORLD

Worldwide Children s Books, United States, 2011. Paperback. Book Condition: New. Chris Padovano (illustrator). 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.New Kids in America is an illustrated children s book that introduces elementary students to young people who have come as immigrants from nine different nations across the globe. Each tells about their home country and about their new life in America. The book is loaded with over 150 photos and illustrations that give the reader a graphic view of the homeland from which the new Americans have come. New Kids in America is the perfect multi-cultural experience for primary school readers. Over 20 of the students in our schools come from immigrant families, most of them from these nine nations. Thus, the book offers a positive view of the many cultures from which new immigrants have come. They can identify with the fictional characters who tell their story of life in their old country as well as their new experiences in the USA. It offers the perfect opportunity for the new kids in America who are sitting in the same classroom to share some of their own personal experiences. At the same time, the book gives children born in the USA the chance to understand their foreign born classmates. It offers illustrated lessons in world geography and cultural differences. Each story features the nation s map, flag, and sample of their money. Each child opens with his own word for hello and closes with the word for goodbye. Perhaps the major effect of the book is to make American-born students more appreciative of the many advantages they enjoy as Americans that some may take for granted. As they read about some of the hardships the new kids have endured, they may...
