BMH BOOKS, 2016. Paperback. Condition: New. Language: English . Brand New Book. Should the church get involved in politics or influence their voting members? What is the church mandate on this issue? How should Christians project themselves? Many Christians are wondering how to respond to the confusion generated by the variety of candidates for public office and the differing perspectives of church leaders who are trying to evaluate the political picture. This book, first offered in French, offers guidelines to assist Christians in determining how best to participate in the political arena as citizens who have a dual citizenship: in heaven and in the country of their residence.
