Filesize: 1.82 MB

#### Reviews

These kinds of ebook is the ideal book offered. It is probably the most incredible publication i have got study. Your lifestyle span will likely be convert once you total looking at this pdf.

(Lucio Breitenberg)

## YOUR BODY, YOUR YOGA: VOLUME 1: WHAT STOPS ME? SOURCES OF TENSION COMPRESSION VOLUME 2: THE LOWER BODY - THE RANGES CONSEQUENCES OF HUMAN VARIATION

Wild Strawberry Productions. Paperback. Condition: New. Morgan Jeske (illustrator). 325 pages. Dimensions: 8.5in. x 0.0in. x 11.5in. Your Body, Your Yoga goes beyond any prior yoga anatomy book available. It looks not only at the bodys unique anatomical structures and what this means to everyones individual range of motion, but also examines the physiological sources of restrictions to movement. Two volumes are provided in this book: Volume 1 raises a new mantra to be used in every yoga posture: What Stops Me The answers presented run through a spectrum, beginning with a variety of tensile resistance to three kinds of compressive resistance. Examined is the nature of muscles, fascia, tendons, ligaments, joint capsules, bones and our extracellular matrix and their contribution to mobility. The shape of these structures also defines our individual, ultimate range of movement, which means that not every body can do every yoga posture. The reader will discover where his or her limits lie, which dictates which alignment cues will work best, and which ones should be abandoned. Volume 2 will take these principles and apply them to the lower body, examining the hip joint, the knee, ankle and foot, and will present how your unique variations in these joints will show up in your yoga practice. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
