

The Next Revolution (Paperback)

By Francis Browne

Createspace Independent Publishing Platform, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Every revolution that has occurred in history has emerged from a backdrop of very real social and financial inequality. Wars too have also been spurred by perceived inequalities of power and social injustice between nations. Yet, despite our well documented history it appears that we have learned very little about how to prevent the possibilities of future revolutions. In his book *The Next Revolution*, Francis Browne sets out to guide ordinary people through the quagmire of modern day events that are pushing the world towards a new revolution that has the potential of being more devastating and wide reaching than any revolution we ve seen to date. The book opens with a brief introduction to our historic past and highlights many of the seemingly unimportant factors that are shaping todays world, factors that could conceivably be pushing us towards a global revolution in the not too distant future. The book continues with a more in-depth explanation of modern history since World War II and the way in which modern historical events have shaped our view of international relationships and have set us...
