Growing Up Strong When it s time to get your child thinking about weaning. Growing Up Strong is dedicated to all of the mothers of the world and their beautiful children. My daughter went to a bookstore to find a gentle way to nudge her son into thoughts of weaning. When she couldn t find a book on the subject, I offered to write one. Every child is unique. Some kids wean themselves early, and others need extra time. Some need a suggestion from mom. This book is designed to help parents introduce the idea to their child in a gentle way. It was a euphoric experience for all of us which I will never forget.
