But an equally important question always follows: What can we do about it as a society and what can I do to help my child? In this candid, research-based, practical book, Dr. Melillo presents the latest scientific explanation for how we got here and proven, drug-free strategies that parents can employ to help prevent, detect, and address the autism epidemic for themselves and their families. With honesty and compassion, Dr. Melillo explains what the latest scientific research tells us about the role of genetic, environmental, and lifestyle factors, dispelling myths and replacing them with the facts.
