Reviews

It is an incredible ebook that we actually have ever study. This is certainly for all those who statte that there had not been a worthy of looking at. I am just pleased to inform you that this is the very best publication i have got go through during my individual daily life and can be he best ebook for possibly.

(Clarabelle Marvin)

WRITING WITH THE MUSE: A GUIDE TO CONSCIOUS CREATIVITY (PAPERBACK)

Createspace Independent Publishing Platform, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.- Are you a writer, painter, photographer or other creative soul? - Do you long for an unlimited flow of creative ideas? - Do you know how to instantly turn on your creative flow? - Are you ready to access highly original creative ideas? - Are you willing to get out of the way and simply receive? Sara Wiseman is the award-winning author of numerous books on intuition, spirituality and creativity, and hosts popular podcasts and blogs that teach the secrets of creative intuition. Prior to that, she worked for decades in the creative arts, as a copywriter and creative director. In this hands-on, experiential guide brimming with prompts and exercises for the conscious creative, you ll learn Sara s original, step-by-step creative process based on the idea of Universal connection. In this view, everything in our imagination or inspiration is not something that we have to struggle to create through our blood, sweat and tears. Instead, everything we seek to create already exists. Thus, all we have to do is open up, and let it flow through us. In this book, you ll learn how to access your own unique creative flow as an intuitive journey, including: - The three trances of creativity and why they matter - How to head into the world to gather inspiration - How to follow synchronicities placed in your path - How to turn on an unlimited flow of ideas instantly - How to work anywhere, in any medium - How to allow the Universe to lead you to inspiration - How to let the Universe deliver everything to you This book is ideal for writers and all creative artists, scientists, inventors, engineers and entrepreneurs-any...
