Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.In a bygone era, traveling across the country meant taking a train to your destination. Both wealthy and poor alike would ride the rails to complete whatever task, business or pleasure they had. Generations have romanticized this mode of travel and in our modern age it seems that many people are more likely to take a plane or a car. Have you ever wanted to hop on a train like a hobo and see where it takes you? Join Erik Skippy Sund as he rides the rails to cities across America to find out who and how people travel across the country. This three month trek to discover transit across America and see what it takes to undertake a journey where you never stop in one place for more than a few days will give you a peek into how and why people travel.
