Alpha Science International Ltd, United Kingdom, 2010. Hardback. Condition: New. Language: English . Brand New Book. Simulational Sensation with C++ mainly emphasises on two goals. First, teaching how to display the inner happenings of a process or a program logic, called simulation . Secondly, how to program using OOPs i.e. the proper way of programming in Object Oriented Languages, especially C++. This book contains a variety of standard programming problems from various fields of computer science like data structures, operating systems, graphics, numerical methods etc and demonstrates these problems in a step by step sequence. It starts by defining every problem, discussing the core logic to solve the problem, a formal algorithm, source code of the problem and finally, the screen outputs.
