Lulu.com, United Kingdom, 2015. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This world and the next sounds as though there are only two forms of existence, but that is only the beginning. Milton Warner is not only a very gifted medium but his soul travels further than just the other side . He has a challenge: To rid the earth and surrounding spiritual levels of the terrible evil which threatens to destroy everything. He realises there is a specific target, although with every possible answer there are numerous questions. The interaction between the different levels is important for the sake of their eternal existence but only a chosen group have been selected to fulfil the final task. Any previous theory about wormholes or time locks may leave you with a very different outlook on such things when you view them from another perspective. Each character is an individual in their own right, some with unique talents such as spirits Ariel and Fluke, or the spiky Jo, who is a bit wayward and colourful with her retorts. Warning: It may play with your mind.
