Internet Homesteading: (FREE Bonus Included) How To Make Your Own Internet Connection This modern world we live in comes with so many benefits, many people don't give the easy lives they live another thought. We have reached the point in society where we become annoyed with the most ridiculous things. The latte you ordered from your smart phone took a few minutes longer than usual to be ready. You are trying to watch the game in real time, but the connection is slow and you can't see the scores as they are taking place. You ordered pizza from your Amazon Echo but there was a problem with the payment method so you had to manually enter the card number. We give little thought to the benefits the internet brings, so when we are without internet access for any reason, we suddenly feel lost. But what if there was a way you could ensure that you would always have an internet connection? What if you could be certain that whether you moved to the middle of nowhere, or if you suddenly found yourself in an emergency situation, that you would still have access to the internet? That's where this book comes in. In it, you are going to learn everything you need to know to create an internet connection, regardless of where you are or what situation you find yourself in. With just a little prep work, you are going to find that internet homesteading is not nearly as difficult as it sounds - and you will never...
