Experiment, United States, 2015. Paperback. Book Condition: New. Edmund Harriss (illustrator). 213 x 213 mm. Language: English . Brand New Book. An ingenious coloring book that reveals math s hidden beauty and contemplative power as never beforePublisher s note: This coloring book has also been published in the UK, under the title Snowflake, Seashell, Star and in somewhat different form. Patterns of the Universe is the North American edition. Contemplate the Patterns of the Universe as you color! Math is at the heart of many natural wonders and has an abstract beauty all its own in the silhouette of a snowflake, the spiral seeds of a sunflower, and the symmetry of the Sri Yantra mandala. From the 4-D hypercube that casts a starlike shadow, to the infinite pattern of Penrose tiles that never perfectly repeats, these 57 exquisite designs reveal their secrets as you fill them with color. Art becomes an act of discovery no math knowledge is required! In the bonus Creating section, as you join dots, flip coins, and follow other simple steps, 12 surprising images will emerge before your eyes. This is an adventure for all ages and a treasure for artists in Numberland!.
