Createspace Independent Publishing Platform, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.(Book 2 of 3) This is a metaphysical sci-fi story. There is a thread going through humanity, well, this is what the Professor thinks. The thread is nothing to do with the human genome; that is not the link. It is an external influence, a foreign presence. Sylvia, George s historical love, may have been committed to a mental asylum but she isn t mad. Not mad, but rather an offbeat soothsayer who knows about a monumental ominous happening before it materialises. As for George, he was not without passion himself especially about evolutionary ideas. In fact, he is on the cusp of something big. Meanwhile the Professor has finally accepted that his organisation should stand fast against happenings in a biblical war. Will it be the time for his reincarnated illuminati mind-set to kick into action? While all this is happening, Ralton is in the middle of his new career. Surely, it must be the only reason he lands himself an assignment in the middle of an evolutionary bloodbath in the Middle East. This book is written in UK English.
