The genesis of How to BeHere was a concussion that Bell, a pastor and motivational speaker, experienced while water-skiing. For a week after the accident, his head injury impaired his ability to access regrets of the past or worry about the future. Instead, he found himself fully, delightfully present in his life as if for the first time. This profound experience helped Bell develop the concept of being present and sparked a desire to share this kind of awareness with others. Each person has a unique path, one that cannot be scripted by external markers of success. It s possible to be creative in every facet of life and to actively shape our existence by pursuing passions and remaining present instead of ascribing to the idea that life happens to us.
