EXTREME TEAMS: WHY PIXAR, NETFLIX, AIRBNB, AND OTHER CUTTING-EDGE COMPANIES SUCCEED WHERE MOST FAIL

BRILLIANCE AUDIO, 2017. CD-Audio. Condition: New. Unabridged. Language: English . Brand New. Managers want great teams, but most build them around decades-old ideas and practices made popular by companies that have lost their edge. Extreme Teams looks at the new generation of teams driving growth in today s most innovative firms. They do this by doing things differently: hiring the right person instead of the best person; focusing on one priority while leaving room to explore new ideas; creating an environment where people are comfortable dealing with the uncomfortable; and maximizing profit by not making profit what matters most. The book takes you inside top companies and examines the teamwork experiments powering their results, including how: Pixar s teams use constant feedback and debate to transform initially flawed films into billion-dollar hits - A culture of radical freedom and responsibility helps Netflix execute on the next big thing - Whole Food s super-autonomous teams embrace hard metrics and friendly competition to drive performance - Zappos fuels the weirdness and fun that sustains its success Times change, and so must teams. Designing and managing high-performance teams requires upgrading outdated beliefs and behaviors, and spurring a level of intensity and collaboration that lets them face down any challenge.
